Technical Assistance Session for BBHBF Region 4 Family and Community Support AFA

Technical Assistance Session, November 14, 2014, Bridgeport Conference Center, 10:00 AM - Noon

All interested or potential applicants:

The Bureau for Behavioral Health and Health Facilities did not receive a qualified Letter of Intent for the Region 4 Family & Community Support Program. (Region 4 comprises central and north-central West Virginia.) As such, given the inability to move forward with the open AFA timeline, we effectively closed the current posted AFA as of 5:00 p.m. 10/31/14. Prior to the re-release of this AFA, the BBHBF will host a **technical assistance session on November 14th 2014 at the Bridgeport Conference Center, from 10am-Noon.** The technical assistance meeting is intended to review the purpose of the grant, highlight the Frequently Asked Questions (FAQs) that emerged from prior postings of the AFA, as well as answer any additional questions raised by participants. There will not be a call-in option for this session. Once the meeting has concluded, the AFA will be continuously posted until a successful proposal is submitted and a grant awarded. All interested applicants are encouraged to attend this important informational session. Please submit any questions regarding this session to DHHRBHBFAnnouncement@wv.gov.
