

# Under 21?

It's against the law to sell alcohol to anyone under the age of 21.

## Checking IDs

- Ask customer to remove ID from wallet
- Determine whether ID is valid by checking:
  - ⇒ Date of birth
  - ⇒ Seal/Hologram
  - ⇒ Photo
  - ⇒ Signature
  - ⇒ Issuing Authority
- Ask questions
- Request a second ID if you have doubts

Always check the 21st birthdate in the upper right hand corner. If today's date is before the birthdate listed on the license, the customer isn't old enough to buy alcohol.  
If in doubt, don't sell!
