

Dear Retailer:

Recently, a Tobacco Compliance Inspection Team (WV State Trooper and Youth under the Age of 18) visited your store to test compliance with WV State Code 16-9-A-2 (Sale of Tobacco Products to Youth under the Age of 18).

Congratulations! Neither you nor your employee sold tobacco products (cigarettes, cigars, or smokeless tobacco products, cigarette papers, pipes, cigars, snuff, chewing tobacco) to the Youth Inspector. While tobacco compliance inspections are implemented throughout the year, on ----- \_\_\_\_\_, your store was in compliance.

Thank you for your efforts to reduce youth access to tobacco products and protect the health of West Virginia Youth.

Your efforts are appreciated!
