**Where: Waco Center, Glenville, WV**

**Date: Friday, October 17, 2014**

**Time: 10am-3pm**

**Purpose:** To introduce participants to their roles and responsibilities within the State Homeland Security Strategy

### **Learning Objectives**

- Objective 1: Participants will understand their and others' roles, responsibilities, and common requirements within the State Homeland Security Strategy, such as linkages between different sectors to adequately address capabilities across all mission areas.
- Objective 2: Participants will understand the state preparedness program and response structure, and their roles and responsibilities within them.
- Objective 3: Participants will understand the whole community approach and the importance of coalition building to adequately develop capabilities across all mission areas.

**Outcome:** Participants will utilize and share the workshop information within their regions, thereby increasing state, regional and local preparedness and capabilities across all mission areas, through coalitions and the whole community approach.
