Purpose

This two-day program provides course content that will enable the physician, nurse or health care professional to recognize and discuss the diagnosis, treatment and management strategies necessary to successfully provide patient care and promote community health. This continuing education activity will advocate best practices for care delivery and community safety.

By attending this program, participants should be able to:

- List important infectious diseases and their relevance to clinical medicine and public health in the United States
- Discuss the inter-relationships among the infectious disease continuum
- Review current status of communicable diseases in West Virginia
- Explain the socioeconomic and sociocultural dynamics of communicable diseases
- Discuss future communicable disease trends and issues
- Describe the medical, socio-economic and behavioral prevention efforts for infectious diseases and the public health system
- Review current strategies to assist the public health professional in adapting stress management techniques in the workplace.

Who Should Attend

Physicians, nurses, pharmacists, mid-level providers, social workers, residents/interns; medical, nursing and allied health students; and other interested health care professionals. No prerequisites are required.

Disclosure

It is the policy of the CAMC Institute that any faculty (speaker) who makes a presentation at a program designated for AMA Physician's Recognition Award (PRA) Category I or II credit and ACPE credit must disclose any financial interest or other relationship (i.e. grants, research support, consultant, honoraria) that faculty member has with the manufacturer(s) of any commercial product(s) that may be discussed in the educational presentation. Program planning committee members must also disclose any financial interest or relationship with commercial industry that may influence their participation in this conference. All faculty have disclosed that no relationships exist.

Cancellation and Substitutions

You may cancel your registration up to 10 business days before the program and we will refund your full registration. If you need to cancel less than 10 business days prior to the program you may 1) send a substitute from your organization or 2) transfer your registration fee to another program of your choice that is scheduled within 12 months of your original event. Please note, if you don't cancel and don't attend you are still responsible for payment.
